Estimate for the cost of maintaining the existing avenue Planting in the Mayors Daily for the year 1923-1924

Amount of Estimate for Report 5000£.

Report accompanying the estimate for Rs 5,000 for planting Avenues and maintaining them in the Mysore City for the year 1923-24.

2,700 avenues have been planted hitherto at a great cost of Rs 34,760. Most of these plants are still young and tender, and require careful nursing and protection from damage by cattle and inclement weather. Their neglect at this stage of their growth will only result in the wastage of the large sums we have hitherto spent. The careful maintenance of the existing avenues some time longer, till the plants grow big and hard enough is therefore indispensable not only from an economical and aesthetic point of view but also in the interests of sanitation and public health of the City.

A provision of Rs 5,000 has been made in the Budget of the Board for 1923-24 for Planting Avenues in the City. But the Comptroller wants an estimate to be prepared and submitted to Government for sanction. Hence the preparation of this estimate.

Early sanction to the estimate is solicited.
